DETAILED ACTION

Applicants' arguments, filed 09/25/2008, have been fully considered. Rejections and/or objections not reiterated from previous office actions are hereby withdrawn. The following rejections and/or objections are either reiterated or newly applied. They constitute the complete set presently being applied to the instant application.

Claim Rejections - 35 USC § 112-1st Paragraph

Claim 1 is rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

This is a "new matter" rejection.

As the claim is currently constructed, the total dosage is 0.75 mg/kg for the entire 21 day period. The specification as originally filed, however, requires the administration of 0.75 mg/kg PER DAY for a 21 day period. See, e.g., the description of the drawings provided at page 3 therein, as well as the working examples. The conflict between the two readily demonstrates that the latter was not described by the specification as originally filed.

Claim Rejections - 35 USC § 112-2nd Paragraph

Claim 1 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "0.75 mg/kg methylselenocysteine orally for 21 days, wherein the first dose of the methylselenocysteine is administered" in lines 5-6. As implied by the discussion in the new matter rejection supra, however, where the entire dosage is given on the first dose, there cannot possibly be antecedent basis for any subsequent dose.

Interview is Requested

To expedite prosecution, the examiner requests that applicant call examiner to discuss possible means to amend the claims to overcome the above objections, and place the case in condition for allowance.

Conclusion

No claims are allowed.
